Dealing with a Sociopath

AUTHOR: Truthteller - (United States of America)

SUBMITTED: Thursday, March 22, 2012

Mike Nelson is obviously a sociopath. He has been arrested numerous times by the VT police. He also ripped off a nationally known VT country store, whom won in a court of law. If you check out Mr. Nelsons criteria, he also is not the intellect that he states he is. He fuels himself with the money he scams from others and the false lies he posts online. He is a true sociopath in its form. Have you checked out his website???? LMAO. Where he states hes here for the world. Yet he has no contact information. Not only that, regarding this ice skating rink posting he claims, notice how he first talks about saying the company is a rip off, then puts a child potentially being molested 2nd??? Thats odd. I know for sure if I thought a child molester was talking to my daughter of hours on the phone, my posting would first start off with that, and not start off talking about someone being a rip off. If you read his entire false posting, you can read hes lying.... If your child was being molested or talking on the phone to a child molester, dont you think you would 1st post that???? No, this warped idiot posts that a reputable business inventor from Vermont, rips people off. The only person that rips people off is Michael Nelson. Thats how for so many years he has gotten away with s***, due to having money that he scammed from others, he uses his money he scammed as power to get what he wants. Hes nothing but a peon. Even the university he claimed to have earned a degree banned him from campus for threatening faculty and students??? Ah, you might want to do a google search on Michael Nelson. And from what I can see, he also got arrest, not that long ago for drunk and disorderly conduct. He, Michael Nelson is a sociopath and a scam artist. A person of high intellect, would never post something so backward as he did. Come on, if my kid was talking to a child molester for 5 hours on the phone, you really think I'd let the conversation go on for 5 hours #1, and #2, if I posted something about someone, you bet your butt the 1st thing I'd mention is the child molestation, not "some guy who makes ice skating rings takes your money and runs". NO, the only person that takes your money, runs, and makes up lies is Michael Nelson, whom I am sure is far from scholarly. And also, LMAO, if you look at Mr. Nelsons website he proclaims to help the world, yet there are all pictures of him fishing in the ocean, some self centered sociopath, I say! By the way, this is from Damien Renzello high school class mate who has not seen him since 1988. And I can assure you, hes the victim in this situation, if Michael Nelson was such a scholarly world savior, he wouldnt be wasting time making up false rumors, and slandering people, oh, and not getting tossed out of a prestigious university.. Soon your scammed money you have in your hands will run out Mr. Nelson, and when it does, there are so many of us honest intelligent and scholarly (proof with college diplomas and even our college transcripts), lol, we are going to laugh our butts off at you, you complete idiot! Have a great evening. I am sure I pissed you off and you are red as a beet in the face, oh wait that must be from the booze you drink and keep getting arrested for drunk and disorderly conduct. LMAO! Only a true sociopath would get a cord struck within them by my post, and I am 100000% I got right to your nerve cord!

AUTHOR: Jeff - (United States of America)

SUBMITTED: Wednesday, January 26, 2011

The guy that wrote this article is Mike Nelson, who runs fraudulent websites like "the

Nelson Foundation". He has been sued by a Vermont Judge for this same thing, he is

banned from the Vermont Superior Court building in Montpelier he is also banned from

Norwich University (in which he claims a degree) . The downlow up here is that when

people say no to Mikes Gay sexual advances he then turns into super stalker and posts

bogus reports to try and mess with their lively hood. Please be Very Careful of this

This is a Bogus Report

AUTHOR: Jeff - (United States of America)

SUBMITTED: Tuesday, January 25, 2011

The author of this report is Mike Nelson, he has done this same thing to a judge in
Vermont, he has been sued several times because of this. The statements about
Damian are totally false i know him personally that is definatly not his picture. He
has never come under investigation with the Attorny general of the state of Vermont.
These things are very easy to look up, we have a sex registry and he is not listed
and like i stated before that is not even a picture of him. Now onto the author of this
article he knows this is complete bull EVERY bit of it, this Mike Nelson is not allowed
in Montpelier Superior Court or Norwich University, he has been sued before and
had a court order not to post these things, so Mike moved out of Vermont and
continues writing these bogus claims against people that he feels in his mind have
"done him wrong" to include the Vermont judge that presided over his case in which
he did not rule in his favor.
